

Washington Lifetime Roofing, Inc. Platinum Pledge

Lifetime Workmanship Warranty

Washington Lifetime Roofing (WLR) guarantees 100% of our installation's workmanship for the stated lifetime of the product installed to the registered homeowner.

This is in addition to the manufacturer's warranty for the product that was installed. WLR installs only excellent quality products from manufacturers that stand behind them with warranties that provide you with the best possible coverage. The duration of the manufacturer's warranty is determined by the product installed and the WLR Platinum Pledge Lifetime Workmanship Warranty is for the same duration. The details of the manufacturer's warranty will be provided to the homeowner.

WLR will provide the necessary labor to correct any problem that occurs due to workmanship, without charge, for the lifetime of the installed product.

This warranty is valid under these terms for as long as you own your home.

This warranty does not apply to products that have been damaged by normal weathering, abuse, misuse, unauthorized modification, neglect, or acts of nature including but not limited to fire, earthquakes, flood or any catastrophic occurrence beyond the control of WLR.
